Опыт «Куда исчезла вода?»

Эксперимент  
«Оптический обман»

A photograph of a teacher and several young children in a classroom. The teacher, a woman with short brown hair wearing a plaid shirt, is leaning over a wooden table. She is holding a small glass of water on a white card, demonstrating an experiment. The children, mostly girls with braids, are gathered around the table, looking at the experiment with interest. The classroom background includes a bookshelf, a potted plant, and a map on the wall. The image is framed by a blue water ripple border on the left and right sides.
